Accessing Office Programmes / Microsoft 365

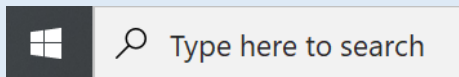

Office is now Microsoft 365

The all-new Microsoft 365 lets you create, share and collaborate
all in one place with your favourite apps

You can log into the web version of Microsoft 365 [here](#).

You can sign in on any device or laptop with your username/email and password.

Accessing Office 365 is often through the Start Button or you can use the search function to locate particular programmes or items. You may also have some elements pinned to your taskbar along the bottom of your desktop.

Get the Microsoft 365 mobile app

Using your mobile device, go to <https://aka.ms/AppstoreDirect> to get the Microsoft 365 mobile app.
